

Contract for the sale of BredaMenarinibus SpA has not been signed by Dipiudi Ambiente (Gruppo De Luca)

---

The second session of the extraordinary shareholders' meeting of BredaMenarinibus SpA was held in Rome today for the purpose of signing a preliminary contract for the sale of the company to Dipiudi Ambiente SpA (De Luca group).

Please note that the representatives of the purchaser, formally invited by the seller, failed to attend the meeting to sign the contract, which was therefore not executed.

Finmeccanica will therefore continue to manage BredaMenarinibus SpA with the aim of increasing the firm's value, as has been the case up to now, and will carry out any necessary reorganisation in advance of finding a solution that allows the company's sale under the best possible terms.
